

Medical Indemnity Insurance - Complex Cover Providing Reassurance

Specialist service for GP's, dentists and vets

We have been providing insurance to medical professionals for over 100 years and our indemnity insurance provides cover to meet the differing needs of these professionals. It is purposely positioned to be able to cater for the complex needs of medical professionals and is designed to support them during any uncertainty regarding a potential claim.

Flexible Footprint

As experts in the field, we've developed policies with A-Rated insurers that are focused on the needs of the different medical professions and circumstances. We also source cover for professionals who have previous claims or disciplinary action against them.

Easy to do business with

Due to the complex nature of this insurance with regards to Claims Made, Retrospective Cover and additional policy terms and conditions, it is vital the medical indemnity policy meets your clients Demands and Needs.

It is therefore essential the right information and explanation of key policy terms is provided to the client before indemnity insurance is purchased.

It is for this reason that our specialist team has a wealth of experience and can advise medical professionals directly to avoid any risks you may be exposed to at a later date.
